

SUSTAIN CENTRAL OREGON

A series of lectures, workshops, tours and films to educate and empower the Central Oregon community to embed sustainability into daily life.

APRIL 2016

WEEK

1

KICK OFF

3/30 - 4/2

Keynote lecture by Daniele McKay about climate change from a geologist's perspective. Get to know your local farmers and ranchers at the Spring Farm and Food Faire.

WEEK

2

FOOD &
AGRICULTURE

4/5 - 4/7

Lectures and films about biodiversity, seeds, healthy soil and food production. Workshops on garden planning and baking with heirloom grains. Tour a local hydroelectric irrigation facility.

WEEK

3

ENERGY &
TRANSPORTATION

4/12 - 4/16

Lectures and films about personal carbon footprints, saving energy and transportation options. LED lighting fairs and workshops about solar energy, green building, tiny homes and home performance options. Tour a local water treatment facility.

WEEK

4

WATER

4/20 - 4/23

Lectures about water conservation, irrigation and habitat restoration. Tour a local water treatment facility. Film about alternative transportation. Celebrate Earth Day, Saturday 4/23!

WEEK

5

CONSUMPTION
& WASTE

4/26 - 4/28

Lectures and films about waste, recycling, reuse, and global consumption patterns. Tour the landfill. Fix your broken gear at the Repair Café.
