PROPOSAL OVERVIEW

COCC has offered the AAS Automotive Technology in Electronics and Diagnostics (TED) as an option to the AAS in Automotive Management degree since 2014. The National Science Foundation / Advanced Technological Education Grant # 1500573 assisted in the formation of the five advanced courses / certificates incorporated into the (TED) degree. The intent of this proposal is to establish the AAS Automotive Technology in Electronics and Diagnostics (TED) as a degree – not an option to another degree.
