

## Curriculum Committee Agenda

March 1, 2016

### MET 214

**The consent agenda:** items that are procedural in nature or have already seen at least one review. The list is voted on as a block. Anyone can request to move an item from the consent agenda to the regular agenda for discussion/voting. **Old Business/Second Readings:** items that have been previously discussed, or items that have received first reading but may have discussion points at second reading. **New Business/First Readings:** items that have either not been reviewed, or have been reviewed and needed significant revision before first reading approval. Items are approved for first reading if there are only very minor issues remaining, so an item may be deferred for first reading pending revision. Presenters should attend the first reading.
