#### **Considerations for next academic year:**

- 1) Confirm new Faculty, CACOCC, and Student (3) appointments early in October to ensure full SAC representation at first meeting.
- 2) Re-affirm for new members the Student Affairs Committee charter, and review EOY 2021-2023 Committee Report during first meeting of Fall 2022 term.
- 3) Expand SAC communication channels to include all stakeholders. Consistent with COCC Shared Governance principles, meetings of the Student Affairs Committee are open, and any staff member or student wishing to include an item on the agenda may do so by scheduling that item with the chair of the committee. While faculty and staff see postings on COCC Headlines, students do not have access to that communication channel. SAC should work with Student Affairs and Marketing and Public Relations to ensure students and other stakeholders have an opportunity to participate.
- 4) SAC had expected to "look at results [of the 2021 SENSE survey] in Winter 2022 to provide an executive summary." However, results were not available by the end of Spring term 2022. Revisit in Fall 2022.
- 5) GPM G-6-4 STUDENT AFFAIRS COMMITTEE (SAC) says in part, "the Student Affairs Committee serves as a forum for reviewing and recommending policies to the COCC President on issues directly impacting COCC students." While the VPSA serves on the SLT and is the primary conduit for communication with the President, no other members of the SAC met with the President during AY 2021-22. SAC may want to invite the President to share her perspective during the next academic year.
