Climate Change impacts...

A CHANGING CLIMATE FOR GLOBAL ECONOMIES

As an estimate, researchers found that climate change will reduce average income in the poorest 40 percent of countries by 75 percent in 2100, while the richest 20 percent of countries may experience slight gains.

What can I do?

- Volunteer for clean-days (for example- China Hat, river clean up)
- Compost
- Buy local produce and goods
- Maximize transportation options
- Donate to the cause
- Recycle
- Participate in community events

Wait a second... This sounds good
yet it does not address equity

What can I do?

- Conserve resources (example shorter showers-washing clothes)
- Lobby local politicians and businesses
- Recycle cans/bottles for profit
- Switch off lights and unplug appliances
- Use reusable bags
- Upcycle clothing
- Participate when you can

EARTH DAY

**COMMUNITY
CLEAN-UP**

Friday April 21st 9am-1pm

Meet at the Community Center Parking Lot

**All Supplies, snacks, water, and lunch
provided for all volunteers**

**Email Jillisa Suppah for more info

EARTH DAY FAIR & PARADE

An Annual Celebration of Earth And Community

Save the Date! Earth Day Fair and Parade 2023 will take place on Saturday, April 22nd from 11:30am-3pm in downtown Bend. Gather for the parade at 11am at the corner of Bond and Louisiana.

This family-friendly event typically features a lively and inclusive parade through downtown Bend where folks are encouraged to wear costumes to showcase their favorite thing about planet earth. During the fair, food vendors, booths, and performers offer something for everyone.

Meet the Earth Day poster artist: Nacho Ruiz of Madras, OR.
