

## DEGREE TO NON-DEGREE SEEKING CHANGE FORM

---

I decided to become a “non-certificate or non-degree seeking student.” In doing so, I realize that:

- I am not required to meet with an advisor and am responsible for choosing my own courses.
- If I choose to apply for a certificate or degree at a later date, I must meet all degree requirements. I realize that an appeals process is not available should I choose courses which do not fit these requirements.
- I am not eligible for the federal financial aid program (FAFSA).
