ATI TEAS Exam

ATI TEAS REMOTE PROCTORED EXAM DRY RUN

ATI is partnering with Proctorio to virtually proctor assessments. Proctorio is a remote proctoring platform that uses machine learning to proctor students from wherever they may be. Proctorio offers a variety of secure exam settings including video, audio, and screen recording designed to maintain the integrity of the assessment and ensure uncompromised exam results.

Follow the steps below to access and take the ATI TEAS Remote Proctored Assessment Dry Run – a mock TEAS exam. We recommend doing this one or two days prior to the exam date. Following these steps will help you identify any potential system issues prior to your test and give you a better idea of what to expect on your TEAS exam day.

- **STEP 1 – Check Technical Requirements**
- **STEP 2 – Install the Proctorio Chrome Extension**
- **STEP 3 – Perform the Pre-test Checklist**
- **STEP 4 – Log in to your ATI Student Account**
- **STEP 5 – Perform your System Diagnostic Tests**
- **STEP 6 – Take the ATI TEAS Dry Run Assessment**

**STEP 1 – Check your technical requirements prior starting your dry run.**

**IMPORTANT:** Before getting started, ensure that the device you are using to perform the Dry Run is the same one you will use on exam day.

- Use Google Chrome™ Version 84 or later ([Download](#)). Already have Google Chrome? [Instructions](#) for checking your version and updating.
- Test on a PC or a Mac (a phone or tablet cannot be used):
  - PC – Windows 10 or later, minimum resolution 1024 x 600
  - Mac – Mac OS® X 10.11 or later, minimum resolution 1024 x 600
- Enable Javascript and cookies within your Google Chrome browser.
- Disable your popup blocker in Google Chrome.
- Have a microphone – either internal or external.
- Have a webcam (minimum resolution 320x240 VGA) – either internal or external.
- Ensure that your internet speed is at least 0.5 - 1 Mbps. You can test your internet speed using [www.speedtest.net](http://www.speedtest.net).
STEP 2 – Install the Proctorio Chrome Extension

ATI remote testing requires that the user install the Proctorio Chrome Extension, which can be downloaded either before attempting to access an assessment (recommended) or at the time during the Dry Run assessment. **Note:** You must use the Google Chrome browser to complete this process.

Navigate to the Proctorio Chrome Extension page either by:
- Entering the URL (https://getproctorio.com/) into the Chrome browser’s address bar
- Opening your assessment card on the MY ATI > TEST tab.

On the Chrome Web Store, click **Add to Chrome**.

Review the list.
Click **Add extension**. When the download is complete, you will receive notification that Proctorio has been added to Google Chrome.

STEP 3 – TEAS TEST DAY Dry Run: Perform the pre-test checklist prior to exam start time

*It is recommended that you perform the TEAS Dry Run one or two days prior to the actual TEAS Exam day.

On your actual exam day, you will walk through this checklist again prior to the exam. You must start your exam at the stated start time. We recommend you start this process 30 minutes prior to the start of your TEAS exam. If you do not start the exam within 30 minutes of the official start time, you will not be able to test. Exams will not be refunded or rescheduled due to late arrival.
- Make sure you are using a fully charged or plugged-in laptop or desktop computer with a webcam and microphone.
- Install Google Chrome and the Google Chrome Extension on your device. You will not be able to take the remote version of the ATI TEAS Exam with any other browser.
- Have a government-issued photo ID card available.
- Find a well-lit space, and be ready for a room scan prior to the assessment.
- Position your webcam from your shoulders up so that your face is fully visible.
- Prepare one piece of blank paper to be used during the exam. Please destroy the paper upon completion.
- Ensure that your internet speed is at least 0.5 - 1 Mbps. You can test your internet speed using www.speedtest.net.

Non-compliance with the above may invalidate your test attempt.

**STEP 4 – TEAS TEST DAY Dry Run: Log into your ATI student account**

Log in to your ATI student account and then click **MY ATI > TEST**.
You should have a practice assessment called Remote Proctoring with Proctorio Dry Run Card.

**STEP 5 – TEAS TEST DAY Dry Run: Perform your system diagnostic tests**

It is essential that you perform the following steps completely, and in the order presented.

Log in to your ATI student account and then click **MY ATI > TEST**.
Locate your Remote Proctoring with Proctorio card and click **Begin**.
The Before you Begin page provides information about your remote proctoring experience, including instructions, restrictions, and data collected during the assessment. Be sure to read all the instructions on this page.

When you are ready to proceed, scroll to the bottom of the page and click Start exam pre-checks.

**IMPORTANT:** At the bottom of the page, you may see a warning regarding RAM or your CPU. We recommend closing all other programs and/or windows and plugging in your computer. You should be able to proceed to the exam pre-checks regardless of these warnings. However, if you choose to proceed after these warnings, test experience may not be optimal. Make sure you meet the system requirements before test day!

On the System Diagnostics Test screen, Proctorio checks your camera, microphone, internet, and computer. After the system has completed its checks, click Next at the bottom of the screen.
This screen is prompting you to allow screenshare. There are two steps to sharing your screen.

**IMPORTANT:** First, you must click the image of the screen to select it. This turns the Share button blue.

Click Share.

This message displays when the system checks are complete.

Click Next.

You will then be asked to show your photo ID to the camera. This scan is used to validate your identity.

**Note:** If the system has trouble capturing the image, click Having trouble to scan the image manually.

Click Next to proceed.

The site will conduct a webcam image test. The system will take five photos to verify that your webcam is working correctly. Click Begin camera test.

**Important:** Make sure that you are in a well-lit space with minimal glare on the camera. If you are not in a well-lit room, your camera might not be recognized, and you will not be able to proceed.
STEP 6 – Take the mock ATI TEAS Assessment

Next, you will be asked to show your exam environment by using your device’s camera to scan the room in which you will be testing.

Click I understand to begin the room scan.

Finally, you’ll be asked to sign the exam agreement.

Click Accept to proceed to your exam instructions.

Read all the information and instructions for the exam, and then select I agree at the bottom of the page.

After your proctor approves you, the Start/Resume button appears at the bottom of the page. Click the Start/Resume button to launch your exam. (The Start/Resume button will not be available until the proctor approves you.)

Note: You might have to move the screen sharing banner at the bottom of the screen to see the Start/Resume button.
IMPORTANT: If you attempt to exit from full-screen mode or refresh your screen, or if you press the Escape button, an alert message will be sent to your proctor, potentially resulting in the termination of your assessment.

For the ATI TEAS assessment, all questions are multiple choice. In the upper-right corner, you will see your time remaining and the online calculator. Click the Calculator icon to access it.

For the multiple-choice questions:
- Radio buttons are placed to the left of each of your answer options.
- An answer is only submitted when you click CONTINUE.
- You can change your answer any number of times and to any option before you click CONTINUE.

When you reach the last question of your assessment, the Assessment Completed window displays. Click Finalize and View Results to complete your assessment. When you complete the assessment, your Proctorio session will end, and your results will be available.
When you complete an ATI TEAS Assessment, your Individual Performance Profile (IPP) launches in a new window. The IPP summarizes the results from your assessment.

Click **DOWNLOAD REPORT** to view your results in a user-friendly PDF format that can be saved, printed, or e-mailed.

Click **Score Explanation** to help you understand the information in the IPP and how your scores were calculated.

Your IPP also provides your scores in the individual content areas, showing the number of questions you answered correctly and your scores as percentages.

Your Individual Performance Profile can also be accessed from the **MY RESULTS** tab. Click an assessment’s link to view the IPP for that assessment.
