

Dental Radiology Course Summer 2018

The Dental Radiology course through COCC’s Continuing Education program is designed for dental assistants and office staff to become radiology certified in the state of Oregon (this is not designed for those without dental experience). At the completion of this course, students will be able to demonstrate competency in the safe use of dental x-ray equipment and procedures and prepare for the Dental Assisting National Board (DANB) Oregon Clinical Radiological Proficiency exam.

Summer Course Schedule

Online/Classroom	Tuesdays, June 26, July 10 & 17	6:00 to 8:30 pm	HCC 150
Clinical Sessions	Fridays, July 20 & 27	3:00 to 8:00 pm	HCC 130
Clinical Sessions	Saturdays, July 21 & 28	9:00 am to 3:00 pm	HCC 130

- Online self-study content includes the DANB Radiation Health Safety (RHS) Review course (approximately 20 hours). Plan on spending 6-8 hours per week completing online coursework. Access to online course will be provided on June 26.
- Three evening classroom sessions will serve as a review of online self-study content (7.5 hours)
- Four clinical sessions include hands-on experience taking x-rays to prepare a set of films to submit to DANB for radiologic proficiency (approximately 22 hours).
- All students are required to provide their own patients for the clinical portion of the class. Patient requirements will be covered in the evening classroom sessions.
- Testing Fees are not included in the COCC course fee (see “Additional costs to become certified” below).

Course Fee: \$975 includes online course, classroom instruction, dental lab clinical instruction

Instructor: *Deborah Davies*

Registration/Refund date: 6/13/18
