

ReadSpeaker - A Hoya Speech Company

docReader

Highlights of docReader

- docReader is used for reading many office and pdf files.
- Distracted readers will find the page mask and the reading ruler to especially beneficial.
- If you need to remove the pictures, swap to text mode.
- If you are viewing your material on a small screen you can hide the left bar of docReader.
- You can also zoom in or zoom out on the document.
- The settings let you adjust the player to you. You will need to make the adjustments on each device.
- You can save the document to your computer.
- Make studying easier - highlight your documents and then save the highlights.
- Turn pages automatically (found in settings) so that you don't have to select the next page.
