

The Financial Aid Office can increase a student's estimated Cost of Attendance by documenting dependent care costs. If you are incurring dependent care expenses, complete this form to possibly increase your Cost of Attendance budget. Budget adjustments that increase your Cost of Attendance may not increase your total award.

***Note: If the amount you expect to pay for child/elder care exceeds \$200 per month and you are requesting a budget adjustment in excess of the standard \$600 per term, you MUST attach documentation from your provider itemizing the exact cost.**
