COCC Online Tutoring

COCC Tutoring Services have gone virtual! See the schedule below. To meet with a tutor, find a time that works, and within that window click the link under 'Meeting Room' to open the Zoom tutoring space.

Please note that tutors can only assist one person at a time; if they are meeting with another student, you will be placed in a 'Waiting Room' until the tutor becomes available.

If you have not already, please download and install the free Zoom app for your computer or devices: [App Store](#) | [Google Play](#) | [Windows](#) | [Mac](#). If given the option, select ZOOM Cloud Meetings.

Don't see what you need? More tutoring is also available through the Western eTutoring Consortium. [Learn more on the Tutoring website.](#)
